

In the Drawings:

Please enter the corrections to Figure 13 as shown on the attached "Replacement Sheet".

This is the identical figure shown in the prior amendment and included in the previously attached appendix "A", except that the sheet now has the words "Replacement Sheet" in the upper margin.

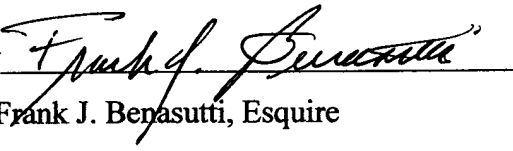

Remarks

By an Office Action 10/17/2005, the prior Amendment was considered non-compliant because the drawing submitted with Attachment "A" did not have the words "Replacement Sheet" in the top margin. A new Replacement Sheet is submitted herewith with those words in the top margin.

Accordingly, reconsideration of the application as amended is respectfully requested.

Respectfully submitted,

Roger Wilcox et al
